GOES TO JOIN AUSTRIAN ARMY

Tom Herzine Quits Mine to Return to His Regiment

Tom Herzine, a miner employed in the Hecla branch of the C. & H. mine resigned his position yesterday and this afternoon leaves for St. Paul to report to Edgar Prochak, Austrian-Hungarian consul at St. Paul, expressing his desire to return to his native land to fight for Emperor Francis Josef, and the Austrian cause. Herzine is a Slovenian, a single man, and formerly was a member of the 7th Austrian Infantry, considered the flower of the army. Today he expressed every desire to rejoin his regiment and seemed very enthusiastic over the prospects of reaching the front.

There is some doubt as to whether or not Herzine will be able to achieve his ambition. Since Great Britain has declared war on Germany, greatly increasing the hazards for merchant marine and passenger steamships, many of the big steamship lines have notified their agents to discontinue the sale of transportation for European points. By manifesting his desire to return to the colors, however, Herzine will have discharged his duty to his fatherland, and it will be up to the consular agent to secure transportation for him and others like him, who desire to return to the war. It is understood that quite a company of reservists is being mobilized in St. Paul to be sent to Austria when the opportunity presents itself.

BERRY PICKING TRIP IS FATAL

Peritonitis Caused by Drinking Bad Water Causes Death

Peritonitis, believed to have been induced by drinking stagnant water, while on a berry picking expedition last Friday, caused the death last evening at 9:30 o'clock of Stewart, the 13-year-old son of Mr. and Mrs. Alex Swinson of Calumet avenue. The boy went berry picking with a number of other boys last Friday and while none of his companions can recall having seen him drink the water, the fact that he became violently ill on Saturday with stomach trouble, led to that conclusion. Despite every effort to prolong his life, his condition grew gradually worse until his death from peritonitis last evening.

The deceased is survived by his parents, two sisters, Misses Helen and Stella and one brother James. Funeral arrangements have not been completed.

CALUMET SUBSCRIPTIONS ARE UP TO EXPECTATIONS

FINANCE COMMISSIONER J. G. BROWN PLEASED WITH RESULTS SO FAR.

Although no attempt has been made for a final compilation of the reports of collectors who yesterday canvassed the Calumet-Laurium district to place the capital stock of the proposed \$100,000 holding company, J. G. Brown of Gallion, Ohio, finance commissioner of the Commercial Club and Secretary George L. Price, feel satisfied that Calumet has done its full duty in this connection. Only partial reports have been possible so far, due to the fact that canvassers have been unable to reach workmen in their homes during the hours specified. Last evening six units of the general soliciting committee reported subscriptions for approximately \$5,000 and inasmuch as there are about forty such units altogether, confidence is expressed that Calumet's subscriptions will make up at least half of the proposed capitalization.

Capt. Brown will be at the Red Jacket town hall at 8 o'clock this evening to receive the reports of all collectors and to make a final compilation of subscriptions. Some of the committees which were unable to complete their work in the allotted time yesterday, as above mentioned, continued the canvass today.

BY AUTO FROM IRON MOUNTAIN.

Frank Getchell and Dr. Newton Wilson Report Covington Road Poor.

Frank Getchell and Dr. Newton Wilson of the Calumet Garage have arrived home by automobile from Iron Mountain. They brought with them two Ford automobiles of which they took charge at Iron Mountain. The trip from that point to Calumet was made in six hours of actual running time, but both report the roads through Covington township, the connecting link between the copper country and iron country roads, to be in frightful condition. In some places the wheels of their cars sank to the hub in sand. Work still continues on the roads, however, and the tourists above referred to share the hope of other upper peninsula motorists that the roads will soon be further improved.

There will be a special meeting of the Copper Country Graduate Nurses' Association at 2:30 P. M., Wednesday, August 5th, at the Tamarack hospital to meet Miss Coleman, state inspector of hospital training schools. All graduate nurses whether members of the Association or not, are cordially invited to attend the meeting.

REMOVE POLES ALONG AVENUE

Civic Improvements to Be Brought About at Early Date

The completion of improvements by the Houghton County Electric Light company in the Calumet district, including the transfer of its power equipment from the former quarters near the C. & H. library to the new sub-station, in connection with the power plant of the Houghton County Traction company, will make possible another step in the direction of civic beauty in the Calumet district. The transfer of the power plant to its new quarters made necessary a rearrangement of the wiring in the Calumet district and as a result poles for the high tension transmission wires are no longer necessary along Calumet avenue. Now a rearrangement of the service wires on these poles is contemplated to the end that the poles may be abandoned and removed.

The poles from Church street to School street already have practically been stripped of wires and the rearrangement will be continued from School street to the H. & T. L. railroad crossing. While it probably will require some time to accomplish the desired end, the changes will be made as soon as possible and there is good reason to hope that before another year, the landscape along the avenue will no longer be marred by poles.

OPEN ARLINGTON WITH BANQUET

Calumet Business Men's Association Plans Big Fete

The Calumet Business Men's association today announced that arrangements have been completed for a big banquet to be held next Tuesday evening at the Arlington hotel of Calumet, celebrating the opening of that well known hostelry under the management of William R. Deegan. Corresponding Secretary W. W. Polk of the association is today engaged in disposing of tickets for this event to the members of the association. Because of the fact the capacity of the cafe dining room is limited to a little over 100, provision cannot be made for the entertainment at the banquet of any but association members, as the present roster of this organization is a little over 100 members.

The program for the banquet has not been completed, but a prominent Calumet man will act as toastmaster, and there will be short talks by members of the association generally.

The principal purpose of this gathering is to manifest the pleasure of Calumet businessmen generally that the Arlington hotel is re-opened and at the same time express to Mr. Deegan the entire willingness of residents of Calumet to support this institution.

The Business Men's association is offered as follows:

President, Johnson Vivian.
Vice president, J. P. Petermann.
Treasurer, W. J. Reynolds.
Secretary, J. J. Sullivan.
Corresponding secretary, W. W. Polk.
Executive committee—These officers and James Hoar of Lake Linden.

WAR MAY INTERFERE WITH BOSTON SYMPHONY CONCERT

DR. KARL MUCK, DIRECTOR OF GREAT ORCHESTRA IN GERMANY.

Musicians of the copper country are wondering whether or not the war which now involves so many European powers will interfere with the plans for the great concert by the Boston Symphony Orchestra, scheduled for the Coliseum in October. This big attraction, which will be brought to the copper country under the auspices of the Copper Country Commercial club, will undoubtedly be the upper peninsula's greatest musical festival.

Dr. Karl Muck, director of the Boston Symphony Orchestra is now in Bayreuth, Germany, where he has been directing the great Wagnerian festival. As Dr. Muck is a citizen of Germany, it is possible he will not be permitted to leave that country at the close of his present engagement, to rejoin the orchestra. Further advice relative to whether or not he may return, are eagerly awaited in the copper country.

NURSES MEET TODAY.

The Copper Country Graduate Nurses' association meets this afternoon at 2:30 o'clock in the Tamarack hospital, for the purpose of meeting Miss Coleman, state inspector of hospital training schools. Miss Coleman has been in the copper country for a week or more on official business and the local members of her profession desire to make her visit an enjoyable one, so far as possible.

A Word to the Wise!

Whether your painting is an investment or an expense depends on what paint you buy.

Don't buy paint that has to be prepared by hand, in that case you pay extra for the painter's time in mixing. Don't buy cheap paint though ready mixed. You get just what you pay for, an inferior paint and inferior results.

NOXALL PAINT. The paint that covers best, goes the farthest, and gives longest and best service that is the paint for you to use. Every can guaranteed.

What You Cannot See

There are many things about a suit or overcoat that you cannot see—their presence or absence is only manifest after long wear.

Those things you assume to be in your clothes if you buy them of a reputable house.

You are safe in dealing with a firm that has a reputation for Quality Merchandise, for such a reputation takes a long time to build and is a very precious asset, and, like most precious thing, is easily destroyed.

We have spent years of time and thousands of dollars in building our business reputation as Value Givers in Clothing, Hats and Furnishing Goods.

And because we know that the slightest misstatement would bring that reputation down like a house of cards, you may rest assured that when we say our Hart, Schaffner & Marx Clothes, our Hats, our Haberdashery offer the greatest values, at their prices, we say it advisedly and only after careful investigation. So if you want the best clothes your money can buy at \$25, or \$18 or any other price up to \$50—or if value in Hats or Furnishings means anything to you, come to
